# HOW TO PLAY

In this game you hunt ducks one at a time,

- When the hound finds a duck, it barks and jumps into the thicket. Ducks will then fly up one at a time. (The ducks will fly up from various locations.)
- The duck flies around the screen for a few seconds. This is your chance. Aim and shoot! But remember, you only have three shots.
- The flashing duck at the bottom of the screen is your hit indicator and will turn red if a hit is scored.
- A MISS occurs when all three shots are unsuccessfully used up, or when time has run out. When this happens, the color of the sky changes, and the duck flies away. (The hound comes out and laughs at you.)
- Sometimes off-colored blue or off-colored red ducks appear. You get a bonus score for shooting these.
- Each round ends after 10 ducks have flown out of the thicket. The PASS LINE at the bottom of the screen indicates the minimum number of ducks that must be hit to advance to the next round. If you hit this number of ducks or more, you advance to the next round; otherwise, the game ends.
- The ducks fly faster, and the number of ducks in the PASS LINE increases as you advance to later rounds.
